

## **Learning Opportunity: Encyclopaedia Britannica database webinar**

Encyclopædia Britannica promotes knowledge and learning with timely, relevant, and trustworthy information.

The Multitype Database Licensing Program subscription provides age appropriate content for schools, public libraries and post-secondary institutions. *Britannica School* lets students and teachers select elementary, middle, or high school versions and other library sectors can access *Britannica Academic*.

The Provincial Library and Literacy Office is offering this introductory seminar through Adobe Connect on **June 8th, 2016** from **3:45 – 4:30pm**.
